LET'S TALK!

Communication and talk are the foundations of learning. Michael Jones brings inspiring, practical training on speech, language and communication. He works with the children, modelling activities and approaches that support their speech and language development, followed by a twilight training session for staff. Full or half day training is also available.

Michael, who has a background in Speech and Language Therapy and teaching, led the Every Child a Talker project in three boroughs. He is an experienced trainer, and has written extensively about communication.

All activities and training are designed to meet the unique needs of your organisation: including schools, early years settings, Childminders and parents' groups.

TOPICS CAN INCLUDE
